

moon

"The sun and the moon run on their  
fixed courses."  
55:5

m o o n

Tips:

- Always make sure student knows how to correctly form each letter before letting him do work independently.
- Talk about the word the student is writing (i.e. What does it mean? What is it?)
- Have student name the letters/vowels in each word.

Where is the moon? When do we see the moon? Moon is "qamar" in Arabic. Draw a picture of the moon.
